

Micro Scrubber Dryer

Put Away Your Mop

Compact and highly maneuverable, the Micro-5 is ideal for scrubbing tight corners and under furniture. It is the perfect alternative to mopping while ensuring a cleaner and more sanitary environment. The Micro-5 weighs in at only 44 lbs and features an ergonomic handle to facilitate its use on different floors, even when there is no elevator. With its foldable handle, it can be stored away without needing much space, and can even be transported to different sites using a passenger vehicle. These features make it the perfect tool for the foodservice industry or cleaning contractor and for all areas where it is necessary to clean up to 900 m².

Reverse Dry System

Perfect drying in every direction – even in reverse! The patent-pending RDS (Reverse Dry System) Technology allows you to dry places other scrubbers can't reach.

Productive and Silent

Offers great performance and productivity that is guaranteed for 50 minutes of runtime. Thanks to an innovative system of soundproofing, the Micro-5 allows the operator to work in sensitive areas because the ECOSELECT function reduces the noise level of 1 dB.
