

NACECARE TURBO MOP™

NACECARE *turbo mop*™

The first compact "Clean Anywhere" scrubber

Using a mop & bucket is the most labor intensive and ineffective way to clean floors but tight spaces have made it a necessary evil.

Now, the Turbo Mop brings the power and performance of a battery scrubber to a compact and versatile machine that truly cleans any floor surface in virtually any area. From wall to wall, under chairs and stalls and into the tightest corners: entrance mats, grouted ceramic, highly polished surfaces and even rubberized floors are no obstacles for the Turbo Mop.

Powerful, lightweight, maneuverable and easily transportable, the NaceCare Turbo Mop™ is the ideal compact scrubber for picking up dirt and debris in Kitchens, Foodcourts, Washrooms and anywhere you would traditionally use a mop and bucket.

Turbo Mop

BATTERY Technology

MULTI Surface

MANEUVERABLE

CLEAN Floor

TIME Saver

Model

Turbo Mop

Cleaning Path	12.5"
Capacity	1.2 gal. Solution / 1.7 gal. Recovery
Run Time	1hr.
Brush Speed	500 rpm
Brush Motor	36V, 200W
Vacuum Motor	36V, 100W
Charge time	3.5 hrs.
Weight	33 lb
Working Capacity	1,500 sq. ft./hr.

The innovative Turbo Mop provides performance cleaning in small spaces and low-profile areas. The 2 cylindrical counter-rotating brushes scrub the surface right up to the edge of the machine, picking up dirt and debris from the tightest places.

Key Features

- 11 gallon solution and recovery tanks
- Cordless - battery operated for safe, everywhere cleaning
- Versatile & low profile - easy to maneuver, wall to wall cleaning
- Lightweight - gets into the tightest corners & spaces
- Effective vacuum - picks up debris easily, perfect for kitchens & food courts
- Multi-floor cleaning - grouted ceramic, mats, high polished surfaces, rubberized floors and even carpets
- Bidirectional - back & forth motion, easily gets under bathroom stalls & school desks
- Cleans up to 1500 sq. ft/h in 1 hour run time

Scrub

Twice the performance of traditional machines

Dry

Excellent drying performance on all surfaces

The brushes are designed for optimal performance on different floor types
