Wall Hugger Container

Continental® has updated the look of the Wall Hugger™, creating a sleek and attractive design that holds either 16 or 23 gallons of waste, but protrudes less than one foot from the wall! The smooth, seamless design provides prolonged life and promotes easy cleaning. The expanded line now includes a version with built-in handles which provide ease of transport and a secure area to grasp when lifting and dumping. The addition of a Wall Hugger™ Drop Shot Lid helps to conceal waste while providing an inviting, enlarged opening for waste disposal. The 8-1/4" x 16-3/4" opening is the largest available in a Wall Hugger™ style receptacle! Built-in-Bag Cinch eliminates the need to tie knots in the polyliner to keep it secure around the receptacle rim! Also available in a Recycle model.
