

# Power Clean

## PC-3 Wet and Dry Pick-Up

### Exceptional Cleaning Results

The PC-3 offers the greatest performance of the Power Clean line, allowing the quickest recovery of difficult materials. It features a diffused and filtered air exhaust and operates from 110 V, 15A circuit.

### Operator-Friendly

The draining valve and carrier makes transport and disposal of a full tank easy and hassle-free.

### Large Capacity

The PC-3 has the capacity and power for large water recovery jobs or dry debris pick-up.

### High Performance

It is designed to deliver the powerful suction, large capacity, and rugged construction to allow the handling of large chores.

### Specifications

	PC-3
Model Number	28529
Tank Capacity	20 Gal
Power	2.5 hp (1864 W)
Amps	10.8
Voltage	110 V
Vacuum Motor	88.6 cfm, 2-stage/ Bypass
Air Velocity at 1 1/2" Orifice	98 mph (158 km/h)
Motor RPM	16 500 rpm
Dry Filter Surface Area	656 sq.in
Water Lift (Closed Orifice)	106" (269.2 cm)
Tank Construction	Head: Metal, Body: Rotational Molded
Power Cord	49' (15 m)
Hose Size	10' x 1.5" (3 m x 38 mm)
Weight	24 lbs (11kg)
Noise Level	79 dB at 5'

### Conversion Kit (sold separately)

The Power Conversion Unit facilitates the use of the PC-3 head on a standard openhead drum with diameters of 24" (61 cm). Air seal gasket forms positive lock between motor head and tank. Ideal where bulky materials are to be recovered. Available with the standard 1.5" (4 cm) orifice. All steel construction, with a net weight of 15 lbs.
